Exit the M11 at Junction 13. Take a right turn and continue into the city – passing the ‘Park and Ride’ site and the Royal Observatory on your left – until you get to a mini roundabout. Take the first exit (left), which is Northampton Street. After approximately 400 yards there will be a set of traffic lights, where you will go straight across. Continue along (the river will be on your right) until the next junction which is a huge roundabout complex with a ‘Staples’ in the middle of it. On the roundabout get into the right hand lane, and keep in it past the first and second main junctions (Victoria Road and Milton Road) then move into the left hand lane immediately after the pedestrian crossing and take the third main junction into Chesterton Road – Midland Bank and a bakers will be on your immediate right.

Continue along Chesterton Road until you reach a further roundabout where you need to take the second exit. This is High Street, Chesterton. You will pass a new office block and a new old people’s home on your left. Our gateway is a sharp left immediately following the black railings of the old people’s home. (There is a bus shelter on your right, start to indicate when you see it). The end of our building which faces you is painted a brick red colour. The entrance is directly opposite the second road on the right, named Church Street.

We look forward to seeing you.
